

## About the Authors

**Behrooz Davazdahemami** is currently is a PhD student in the Management Science and Information Systems Department within the Spears School of Business at Oklahoma State University. He received his B.S. and M.S. degrees both in Industrial and Systems Engineering from Isfahan University of Technology and University of Tehran, Iran. He has been published in the conference proceedings of *Hawaii International Conference on System Sciences (HICSS)*, *European Conference of Operational Research (ECOR)*, and *International Industrial Engineering Conference (IIEC)*. His current research interests involve social media, privacy, and big data analytics in healthcare. Behrooz also has some research works in operations research methods and heuristic optimization techniques in the manufacturing context.

**Andy Luse** received a B.A. degree in Computer Science from Simpson College, M.S. degrees in Information Assurance, Computer Engineering, Business Administration, and Psychology, and Ph.D. degrees in Human Computer Interaction, Computer Engineering, and Information Systems from Iowa State University. He is currently an Assistant Professor in Management Science and Information Systems at Oklahoma State University. Andy's research has focused on computer security, technology acceptance, and research methods. He has been published in the *Journal of Management Information Systems*, *IEEE Transactions on Visualization and Computer Graphics*, *ACM Transactions on Computing Education*, *IEEE Transactions on Education*, *Decision Sciences Journal of Innovative Education*, *Computers and Human Behavior*, and many other outlets.

**Kevin Scheibe** is a Kingland Business Analytics Faculty Fellow and Associate Professor of Management Information Systems at Iowa State University. His research interests include business analytics, IT privacy and security, supply chain risk, spatial decision support systems, and outsourcing. He is a member of the Association for Information Systems and the Decision Sciences Institute. Dr. Scheibe has published in journals such as *Decision Sciences Journal*, *European Journal of Operations Research*, *Decision Support Systems*, *Journal of Information Privacy and Security*, *Communications of the ACM*, and *Computers in Human Behavior*. He received a PhD from Virginia Polytechnic Institute and State University.

**Anthony M. Townsend** is an Associate Professor of MIS at Iowa State University. He received his M.S. and Ph.D. from Virginia Polytechnic Institute and State University and conducts research in collaborative systems and virtual teams. He has published in *MIS Quarterly*, *Information Systems Research*, and the *Communications of the ACM* among other venues. He is currently conducting research in collaborative systems designed to enhance a variety of organizational processes, including security.
