At this year's editorial board meeting, Hans Ulrich Buhl, University of Augsburg, was reelected as Editor-in-Chief for another two years. In addition, Martin Bichler, Technical University of Munich, was elected as second Editor-in-Chief for the next three years. Up to issue 6/2013, Hans Ulrich Buhl will be responsible for all contents of the journal Business & Information Systems Engineering (BISE)/WIRTSCHAFTSINFORMATIK. As of issue 1/2014, Martin Bichler will be responsible for the journal's contents.

The term of office of our journal's editors is generally limited. By the time a tenure ends, the editorial board determines new members by ballot vote. We welcome Prof. Dr. Dennis Kundisch from the University of Paderborn, Prof. Dr. Dov Te'eni, Tel-Aviv University and Prof. Doug Vogel, Ph.D., City University of Hong Kong. At the same time, we would like to thank Prof. Michael Goul, Ph.D., Arizona State University, and we would like to show our special appreciation to Prof. Dr. Oliver Günther, Humboldt-University of Berlin, who both left the editorial board on their own request, for their valuable cooperation.

We are looking forward to an exciting and successful cooperation with all parties concerned with BISE/WIRTSCHAFTSINFORMATIK.

Prof. Dr. Hans Ulrich Buhl
 Editor-in-Chief
